

Learn from an Attorney about:

Practical Chiropractic JURISPRUDENCE

***Chiropractic Certification in Spinal Trauma Program!
C.C.S.T. SEMINAR (Module 9) September 15-16, 2007 on
PRACTICAL CHIROPRACTIC JURISPRUDENCE***

Gain Important Insights from an attorney with extensive experience in personal injury litigation and automobile accident cases:

WHAT ARE PRIORITIES IN PROVIDING TESTIMONY ON CHIROPRACTIC CARE WITH INJURY CASES? Includes Demonstrations of Cross-Examinations!

Credentialed through ICA Council on Applied Chiropractic Sciences

Learn More About CURRENT Strategies for Dealing with INSURANCE EXAMINERS (IME's), PAPER PEER REVIEWS, and DEPOSITIONS:

HOW DO YOU DOCUMENT, ORGANIZE AND PRESENT YOUR PATIENT RECORDS AND CASE MANAGEMENT CHOICES —CAN THEY HANDLE SCRUTINY FROM MEDICAL & CHIROPRACTIC REVIEWS?

Address the DOCUMENTATION & CASE MANAGEMENT CHALLENGES of Current Chiropractic Practice with Research Literature, Legal Citations, and Practice Implications:

WAYS FOR DOCUMENTATION TO HIGHLIGHT REASONABLE AND NECESSARY CARE: WHAT WORKS, WHAT DOESN'T? HOW CAN PRE-EXISTING, NEW/OLD, & MULTIPLE CONCERNS BE APPORTIONED?

Important Issues for Testimony, Report Writing, & Patient File Management:

HOW DO YOU EXPLAIN SOFT-TISSUE INJURY TO PATIENTS, OTHER DOCTORS, AND ATTORNEYS? AND—HOW DO YOU PREVENT PAPERWORK PITFALLS IN YOUR REPORTS?

Travis Black, Esq. presents this dynamic, informative and interactive program providing you with updated, practical insights! Learn recent advances in claims management and data gathering in relation to accident cases, case management, documentation, and jurisprudence. Mr. Black will share his experiences and recommendations with DC-Attorney relationships—**including live, interactive demonstrations of depositions and trial situations. AND—** in addition to gaining updated clinical research and legal citations for your reference library, you will bring home significant, useful knowledge and an array of helpful tools that **you can implement immediately following the seminar!**
