

Start Your New Year with Powerful New Information!

Don't miss-

PRACTICAL APPLICATIONS OF NUTRITIONAL NEUROLOGY

Insights on Theory, Research & Case Management

With-

Dan Murphy, DC

A powerful, evidence-based program to equip you as an authority in clinically managing pain, degeneration and optimal healing.

Chiropractic is naturally suited for management of Nutritional Neurology!

Nutritional Neurology impacts multiple clinical components including joint degeneration, CNS structure/function, & immune response.

Learn crucial clinical factors, practical applications, & current research with Dr. Murphy!

Boston – January 16 -17

Baltimore – January 30 -31

Dan Murphy, DC

- internationally popular for his unique abilities to scrutinize pertinent research records in the context of practical case management challenges!

THIS DYNAMIC PROGRAM EXPANDS YOUR NUTRITIONAL NEUROLOGY KNOWLEDGE

Learn the actual impacts of nutritional choices:

- The effects of excitotoxins and neurodegenerative diseases
- The influence of essential fatty acids on pain, joint degeneration, & brain structure/function
- The anti-oxidant network and pathoneurology

Discover relevant new research updates:

- The impact of nutrition on pathoneurology, cardiovascular function, & immune response
- Chiropractic clinical management of trauma, pain, degeneration, and mobility
- Focused case management approaches including the neurological components of care

Presented by the International Chiropractors Association
