

Are You Ready for Your 'Dream' Seminar?

Don't miss... NEW ERA IN WHIPLASH AND SPINAL TRAUMA

Newest Research Applications

with Dan Murphy, D.C.

DANBURY, CT

Presented by
ICA
in cooperation with
Life Chiropractic
College West

Chiropractic is naturally suited for the management of whiplash injuries. In addition it is often imperative that those injured receive chiropractic to maximize the timing and quality of healing. This is best understood when you learn direct from Dan Murphy.

DEC. 5-6, '09

A powerful, evidence-based program to equip you as an authority in clinically managing pain, degeneration and optimal healing.

What's New from Dan Murphy?

How could there be anything more, you ask?

Year after year Dan never stops producing insightful reviews of the latest literature in the field of whiplash and spinal trauma.

This year is no different. Just consider these additions ---

- ◆ A new section on the frequency and duration of whiplash case management based on the past 50 years of research
- ◆ An updated section on nutritional anti-inflammatory management of joint and soft tissue pain.
- ◆ New insight on the "fibrosis of repair" as a consequence of injury healing and for establishing the need for the chiropractic adjustment
- ◆ New review of studies on whiplash biomechanics and low impact motor vehicle collision injuries.

Dan Murphy, DC
Is internationally popular for his unique abilities to scrutinize pertinent research records in the context of practical case management challenges.
