The Hon. \_\_\_\_\_  
Room \_\_\_\_\_  
\_\_\_\_\_ House Office Building  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Mr./Mrs./Ms. \_\_\_\_\_:

I am writing to ask for your support for urgently needed legislation to correct a major problem contained in the Homeland Security Act that passed the Congress at the end of last year. Representative Dan Burton has introduced legislation, H.R. 237, that would restore basic American freedoms and protections regarding injury from certain vaccines.

This is an urgent issue of consumer rights and we hope that you will act to pass H.R. 237 at the earliest opportunity. Please respond with your position on this issue. Thank you for your attention to this most urgent matter. I look forward to your response.

Sincerely yours,
