

MODEL U.S. SENATE LETTER

Sen. _____
Room _____
_____Senate Office Building
United States Senate
Washington, D.C. 20510

Dear Senator _____:

I am writing to ask for your support for urgently needed legislation to correct a major problem contained in the Homeland Security Act that passed the Congress at the end of last year. Senator Debbie Stabenow has introduced legislation, S.105, that would restore basic American freedoms and protections regarding injury from certain vaccines.

This is an urgent issue of consumer rights and we hope that you will act to pass S.105 at the earliest opportunity. Please respond with your position on this issue. Thank you for your attention to this most urgent matter. I look forward to your response.

Sincerely yours,
