Offering KN-95 Face Masks

Are you looking for KN-95's and need them right away?

We can help...Available for immediate shipping!

As per a comparison study performed by 3M – it is reasonable to consider China KN95, AS/NZ P2, Korea 1st Class, and Japan DS FFRs as “equivalent” to US NIOSH N95 and European FFP2 respirators, for filtering non-oil-based particles such as those resulting from wildfires, PM 2.5 air pollution, volcanic eruptions, or bioaerosols (e.g. viruses).

These masks have similar superior properties as N95, but they go by different names based on where they are certified.

The WHO (World Health Organizations) considers N95 equivalent to KN95 and other similar masks. (WHO Article 1. WHO Article 2.)

Also...COVID-19 virus is 1.0 to 1.2 microns in diameter... KN 95 (like the N-95) masks filter to .75 microns...regular masks do not offer this level of protection.

Our masks are packaged 5 masks per sealed envelope with 25 masks, per box. There are 4 boxes to a case. Minimum order is 1 Box of 25.
