

ICA POLICY STATEMENT ON
Animal Adjusting

Animal adjusting can, in many situations, be an effective and humane service. Many doctors of chiropractic, through their own experiences, testify as to the beneficial results of adjustments and as D.D. Palmer stated, chiropractic care applies to “all vertebra”. The chiropractic adjustment of subluxations in animals applies to their ills in the same nature as humans. Recognizing the above considerations, the ICA recommends that such services should be provided by chiropractors in accordance with existing regulations.
